

### Our Mission

To enhance community safety and support the region’s vitality, SDIC reduces flood risk by maintaining our levee system, managing drainage, and responding to emergencies.

### Our Services

Levee Maintenance

Emergency Response and Preparedness

Drainage Management

Support Regional Partnerships

Your annual assessments provide flood-risk management services for over 1,500 acres and nearly 100 landowners in Fairview and Troutdale. First established in 1917, the District works with other local drainage districts and partners to manage a total of 27 miles of levees, 45 miles of ditches and sloughs, and 12 pump stations along the Lower Columbia River.

Greetings,

You are invited to the annual Sandy Drainage Improvement Company (SDIC) virtual landowner meeting. As a landowner in SDIC, **your property is assessed** to pay for the system of flood control systems that manage storm water and reduce the risk of flooding for your property.

Attending your annual landowner meeting gives you the opportunity to **participate in the management** of the flood control system that protects your property. Come learn about our operations, projects and programs, and elect the Board of Supervisors responsible for budgeting and policy-making in the district.

As an informed landowner, you can help us protect families, businesses and their property from flood related damage.

### How to Participate:

#### Option 1—Vote by Mail

Fill out the attached pre-paid voter authorization card and drop it in the mail by Thursday, July 14, 2022. Or complete an electronic version by July 20 at [bit.ly/SDICMEETING2022](https://bit.ly/SDICMEETING2022)

#### Option 2—Attend Our In-Person or Virtual Meeting

4 pm Thursday, July 21, 2022

Troutdale Police Community Center  
234 SW Kendall Ct.  
Troutdale, OR 97060

### Questions?

Please contact us at [info@mcdd.org](mailto:info@mcdd.org) or (971) 710-2438

*The Multnomah County Drainage District (MCDD) serves three drainage districts along the south shore of the Columbia River: Peninsula Drainage District #1 (PEN1), Peninsula Drainage District #2 (PEN2), and the Sandy Drainage Improvement Company (SDIC). The four districts collectively extend from the edge of Smith and Bybee Lakes on the west, to the Sandy River on the east and operate through intergovernmental agreements.*

# HOW TO PARTICIPATE

## OPTION 1:

### **VOTE BY MAIL**

Use the enclosed voting authorization card to authorize a community representative to vote on behalf of your property. You can also complete an electronic voting authorization card at the link below.

## OPTION 2:
